Dear Farmingdale Families:

Now that we've had a few weather-related closings this school year, we wanted to make you aware that you may change your method of contact from our One Call Now emergency alert system if desired. If your cell phone receives phone calls from the system, and you would prefer to receive text messages instead, you can opt-in at any time by texting the word **ALERT** to **22300**. You will then receive texts rather than phone calls. If your cell phone is not currently receiving phone calls or texts from our emergency alert system and you would like it to, please provide the information below so we may update the system. You will then be able to opt-in for texts as directed above if you so choose. Message and data rates may apply.

If you are satisfied with your current method of notification, no action is required at this time.
