

Farmingdale Public School

May 18, 2020

Dear Middle School Farmingdale Families,

Thank you for all you are doing to continue your child's learning at home. We wanted to make you aware of the changes we have implemented for middle school report cards for the 4th marking period.

After much discussion, the teachers and I have determined that we will continue to grade students using our number/letter grading system. However, we will be implementing a change so that if a student earns below a 70% for this marking period, he/she will receive an "Incomplete" as the report card grade in that content area. Please continue to monitor your child's grades and assignments through OnCourse throughout the remainder of the marking period and reach out to your child's teacher via email if you have any concerns.

Report cards will continue to be formatted through OnCourse. As always, you will be able to see an individualized comment by your child's teachers reflecting academic progress and achievement in the appropriate subject area. You will receive your child's 4th marking period report card via email at the end of the school year.

We appreciate your understanding and support during this unprecedented time. If you have any questions, please do not hesitate to reach out.

Sincerely,

Mrs. Edith Conroy

Superintendent
