TICK SAFETY ALERT

PROTECT YOUR CHILD!

As the weather warms up, daily checks are the best defense against tick-borne illnesses.

Where to Check

Behind the knees and around the waist.

In the hair and hairline areas.

Under the arms, inside the belly button and other hidden spots.

Parents: Nightly checks after outdoor play.

Parents: Have child shower within 2 hours to remove any ticks before they attach.

If found: Grasp with a tweezer, pull steadily straight out, then clean.
