Dear Farmingdale K-8 Families:

As we move through the third marking period of the school year, we are noticing an increase in students who are missing their headphones. Wired headphones or wired earbuds are used on a daily basis throughout the school day for classroom instruction and all students from Kindergarten through 8th grade are required to have their own set.

Additionally, all students in grades 3-8 are required to have a set of wired headphones or wired earbuds for their own use during NJSLA testing to take place throughout the month of May.

Wired headphones or wired earbuds are a standard need noted on each grade's supply list at the beginning of the academic year. **Please note that Bluetooth or other wireless headphones/earbuds are not permitted**, and the set must have a standard 3.5mm jack to be compatible with the student's Chromebook.

If your child does not have an operating set of wired headphones or wired earbuds, we request that a pair be purchased at this time and brought to school each day.

Thank you for your cooperation.

In education,  
Edith Conroy, Ed.D.
